

**School Board District 4 Voters**  
**Hillsborough County School Board District 4**  
**is the most conservative in the County.**

You deserve a representative on the School Board who has the same values you do, who has the conviction and backbone to stand up for those values, and whose word you can trust. A “conservative voice” whose commitment to the people and principles of District 4 won’t be compromised by fear or by the desire to achieve some “higher” office.

**Terry Kemple**  
**Principled Conservative**

- Is a life-long conservative who has stood up for conservative principles in our community for 19 years
- Has served on Hillsborough Republican Executive Committee for over 10 years
- Regularly challenges Superintendent Elia at school board meetings over lack of transparency and accountability in her administration
- Promotes Parental Choice of where children are educated
- Successfully lobbied Florida Legislature for Expansion of Charter & Home Schooling and for Corporate Tax Credit Scholarships when Jeb Bush was Governor
- As a veteran and a school choice advocate, supports a Charter School to provide education choice for our service people at MacDill
- Has a plan to replace “Common Core” (CC) and has actively led opposition to CC for two years
- Stands firmly for sanctity of life and an end to abortion
- Served on State Leadership Team in passage of Florida Marriage Amendment that defines marriage between one man and one woman
- Believes there should be no discussion of immigration overhaul unless and until our border is secured with a fence and additional border patrol
- Supports Governor Scott and has always supported conservative candidates

**Melissa Snively**  
**Liberal Posing As A Conservative**

In 2012 Charlie Crist “changed” from being conservative to liberal to try and win this election. Melissa Snively did the same, only she went the other way, posing as conservative to try to get elected in our conservative district. \*2

Said, “Mrs. Elia is doing a ‘great job,’” without suggesting a need for more transparency or accountability, or any other improvement \*4

Is unclear about her position on School Choice \*1

Says in one place, “I feel we have more control and accountability keeping our (school) services public”

In another: “parents should have the right to choose what will best suit their children and set them up for success.”

Unconditionally supports Mrs. Elia indicating she would have joined Elia against charter school at MacDill \*4

Says she opposes Common Core (CC) but is endorsed by CC leadership; has not taken any action to stop it \*1

Is unsure if unborn babies should have the right to life \*3

Supports same-sex “marriage” saying that Florida Marriage Amendment defining marriage between one man and one woman should not be enforced \*3

Says that there should be no fence built to secure our borders, not taking into account the cost to our education system or to the English speaking students who are forced to wait for those who don’t speak English \*3

Contributed to Alex Sink over Rick Scott in 2010, made multiple contributions to liberal Democrats in 2012 and 2013 after “switching”; contributed to Democrat Kevin Beckner after “switching” and gave a false answer to try to hide the contribution at Republican Executive Committee Candidate Forum \*2
